CHOOSE US BECAUSE....

Middlefield Park and Recreation's Summer camp Program is AWESOME! Our camp is structured with a station based schedule, where head counselors will check in and work with their age based groups several times throughout the day. There will be built in free time as well as mandatory stations which will include, team building games, arts and crafts, age appropriate physical education, STEM inquiry and experiments, as well as other rotating stations.

Camp is directed by certified teachers, who are dedicated to providing a FUN, SAFE, and EXCITING environment for all campers. Our camp counselors are selected base on their experience with children and their over all attitude to make our camp AWESOME every day!

Each day at camp will revolve around a certain theme, such as Halloween day, Weird Science Day, and Game Show Day!
